Wood Finishes Direct cannot be held liable for the information contained within this document.

For purchasing information visit: Osmo Opaque Gloss Wood Stain (2104) Page 1/9

### Safety data sheet according to 1907/2006/EC, Article 31

Printing date 19.03.2015

Version number 14

Revision: 19.03.2015

GB

1.1 Product identifier	
Trade name:	2104 Osmo Opaque Gloss Wood Stain, white
1.2 Relevant identified uses of substance or mixture and use	
advised against	No further relevant information available.
Application of the substance	/ the
mixture	Paint
	Coating compound/ Surface coating/ paint
1.3 Details of the supplier of the supplier of the supplice of	the safety data sheet
Manufacturer/Supplier:	Osmo Holz und Color GmbH & Co. KG
	Affhüppen Esch 12
	D-48231 Warendorf
Further information obtainal	ble
from:	Product safety department
	Phone: +49 (0) 251 / 692 - 188
	Fax: +49 (0) 251 / 692 - 462
	e-mail: helmut.starp@osmo.de
1.4 Emergency telephone	-
number:	emergency phone no. Berlin (24h): +49 (0) 30 / 30686 790 advisory service in Germ
	and English

#### identification

Classification according to Regulation (EC) No 1272/2008	The product is not classified according to the CLP regulation.
Classification according to	
Directive 67/548/EEC or Directiv	e
1999/45/EC	Not applicable.
Information concerning	
particular hazards for human an	d
environment:	The product does not have to be labelled due to the calculation procedure of the
	"General Classification guideline for preparations of the EU" in the latest valid version.
Classification system:	The classification is according to the latest editions of the EU-lists and extended by
	company and literature data.
2.2 Label elements	
Labelling according to Regulatio	n
(EC) No 1272/2008	Void
Hazard pictograms	Void
Signal word	Void
Hazard statements	Void
Precautionary statements	Although this product is not subject to identification regulations, we recommend that
	the safety suggestions are observed.
	(Contd. on page 2)

Printing date 19.03.2015

Version number 14

Revision: 19.03.2015

#### Trade name: 2104 Osmo Opaque Gloss Wood Stain, white (Contd. of page 1) Keep out of reach of children. If medical advice is needed, have product container or label at hand. P271 Use only outdoors or in a well-ventilated area. P262 Do not get in eyes, on skin, or on clothing. P501 Dispose of contents/container in accordance with local/regional/national/ international regulations. Additional information: Observe the general safety regulations when handling chemicals. Always wear a dust mask when sanding. Contains 2-butanonoxime. May produce an allergic reaction. Safety data sheet available on request. 2.3 Other hazards Results of PBT and vPvB assessment **PBT**: Not applicable. vPvB: Not applicable. **SECTION 3: Composition/information on ingredients** 3.2 Mixtures **Description:** Mixture of substances listed below with nonhazardous additions. Dangerous components: CAS: 64742-48-9 aliphatic hydrocarbons, C10-C13 🗙 Xn R65 EC number: 918-481-9 <u>R6</u>6 Index number: 649-327-00-6 🚯 Asp. Tox. 1, H304 Reg.nr.: 01-2119457273-39

Additional information:

For the wording of the listed risk phrases refer to section 16.

### **SECTION 4: First aid measures**

General information:	Immediately remove any clothing soiled by the product.
After inhalation:	Supply fresh air. If required, provide artificial respiration. Keep patient warm. Consult doctor if symptoms persist.
	In case of unconsciousness place patient stably in side position for transportation.
After skin contact:	Immediately wash with water and soap and rinse thoroughly.
	If skin irritation continues, consult a doctor.
After eye contact:	Rinse opened eye for several minutes under running water. Then consult a doctor.
After swallowing:	If swallowed, seek medical advice immediately and show this container or label.
4.2 Most important symptoms and	ł
effects, both acute and delayed	No further relevant information available.
	(Contd. on page 3)

10-25%

(Contd. of page 2)

GB

### Trade name: 2104 Osmo Opaque Gloss Wood Stain, white

4.3 Indication of any immediate medical attention and special treatment needed

No further relevant information available.

### **SECTION 5: Firefighting measures**

5.1 Extinguishing media	
Suitable extinguishing agents:	CO2, powder or water spray. Fight larger fires with water spray or alcohol resistant
	foam.
For safety reasons unsuitable	
extinguishing agents:	Water with full jet
5.2 Special hazards arising from	
the substance or mixture	Formation of toxic gases is possible during heating or in case of fire.
5.3 Advice for firefighters	
Protective equipment:	Mouth respiratory protective device.
Additional information	Cool endangered receptacles with water spray.
	Dispose of fire debris and contaminated fire fighting water in accordance with official
	regulations.

### SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and	
emergency procedures	Keep away from ignition sources.
	Ensure adequate ventilation
6.2 Environmental precautions:	Inform respective authorities in case of seepage into water course or sewage system.
	Do not allow to enter sewers/ surface or ground water.
6.3 Methods and material for	
containment and cleaning up:	Warm water and cleansing agent
	Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders).
6.4 Reference to other sections	See Section 7 for information on safe handling.
	See Section 8 for information on personal protection equipment.
	See Section 13 for disposal information.

### SECTION 7: Handling and storage

7.1 Precautions for safe handling	Keep receptacles tightly sealed.	
	Keep away from heat and direct sunlight.	
	Use only in well ventilated areas.	
	Prevent formation of aerosols.	
Information about fire - and		
explosion protection:	Keep ignition sources away - Do not smoke.	
		(Contd. on page 4)

Version number 14

Revision: 19.03.2015

#### Trade name: 2104 Osmo Opaque Gloss Wood Stain, white (Contd. of page 3) 7.2 Conditions for safe storage, including any incompatibilities Storage: Requirements to be met by storerooms and receptacles: Store in a cool location. Store only in the original receptacle. Information about storage in one common storage facility: Do not store together with alkalis (caustic solutions). Do not store together with oxidising and acidic materials. Further information about Keep container tightly sealed. storage conditions: Store receptacle in a well ventilated area. Protect from frost. Protect from heat and direct sunlight. No further relevant information available. 7.3 Specific end use(s) **SECTION 8: Exposure controls/personal protection** Additional information about design of technical facilities: No further data; see item 7. 8.1 Control parameters Ingredients with limit values that require monitoring at the workplace: 64742-48-9 aliphatic hydrocarbons, C10-C13 TWA (8 H) Long-term value: 1.000 mg/m<sup>3</sup>, 150 ppm ppm Source: UK SIA Additional information: The lists valid during the making were used as basis. 8.2 Exposure controls Personal protective equipment: General protective and hygienic measures: Immediately remove all soiled and contaminated clothing Avoid contact with the eyes and skin. Do not eat, drink, smoke or sniff while working. Do not carry product impregnated cleaning cloths in trouser pockets. **Respiratory protection:** Not necessary if room is well-ventilated. Use suitable respiratory protective device only when aerosol or mist is formed. Short term filter device: Filter A/P2 **Protection of hands:** Protective gloves The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation Material of gloves Nitrile rubber, NBR

### Trade name: 2104 Osmo Opaque Gloss Wood Stain, white

Ponetration time of alove materi	(Contd. of page) al The exact break trough time has to be found out by the manufacturer of the protection
1 enerration time of glove materia	gloves and has to be observed.
For the permanent contact glove	-
• •	\$
made of the following materials	Nituila mukhan NDD
are suitable:	Nitrile rubber, NBR
	Recommended thickness of the material: $\geq 0.4$ mm
	For the mixture of chemicals mentioned below the penetration time has to be at least 100 minutes (December 2014) and the second
	480 minutes (Permeation according to EN 374 Part 3: Level 6).
As protection from splashes	
gloves made of the following	
materials are suitable:	Nitrile rubber, NBR
Eye protection:	If risk of splashing:
	Safety glasses according to EN 166:2001 (e.g. densely closing frame glasses with si
	protection)
Body protection:	Protective work clothing

		ime
Dermal	LD50	3700 mg/kg (rat)
	LD50	200-2000 mg/kg (rat)
Inhalative		>10.5 mg/l (rat)
Primary irr		
on the skin		At long or repeated contact with skin it may cause dermatitis due to the degreas effect of the solvent.
on the eye:	<u>.</u>	No irritating effect.
Sensitisatio	on:	Sensitising effect by skin contact is possible by prolonged exposure.
Additional	toxicologi	cal
information	n:	The product is not subject to classification according to the calculation method of
		General EU Classification Guidelines for Preparations as issued in the latest version
		When used and handled according to specifications, the product does not have
		harmful effects to our experience and the information provided to us.
Sensitisatio	on	Contains 2-butanonoxime. May produce an allergic reaction.

LC50 / 96h > 1000 mg/l (fish) (OECD 203)

96-29-7 2-butanonoxime EC50 / 48h 201 mg/l (daphnia)

IC50 / 72h 11.8 mg/l (algae)

12.2 Persistence and degradability No further relevant information available.

12.3 Bioaccumulative potential	No further relevant information available.
12.4 Mobility in soil	No further relevant information available.
Additional ecological informat	ion:
General notes:	Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for
	water
	Do not allow product to reach ground water, water course or sewage system.
12.5 Results of PBT and vPvB	assessment
PBT:	Not applicable.
vPvB:	Not applicable.
12.6 Other adverse effects	No further relevant information available.
