All you need to know about...

Furniture Wax

Earthborn Furniture Wax is a soft, clear wax specially formulated for interior wood surfaces. Use it on natural wood to bring out its character, or over painted furniture with Earthborn Eco Chic for a smooth, satin finish.

This easy-to-use wax protects surfaces, making them water repellent, dirt resistant, and easy to polish, while enhancing the natural beauty and texture of wood or painted finishes.

Why choose Furniture Wax?

- **Protects interior wood** – Maintains natural surfaces with a clear satin finish
- **Enhances and adds durability to painted finishes** – Perfect over furniture painted in Earthborn Eco Chic to create standout pieces
- **Easy to use** – Dries quickly for polishing and reapplication
- **Durable results** – Water repellent, dirt resistant, and anti-static

Where to use it

Furniture Wax is ideal for most interior, absorbent surfaces including:

- Interior wood, cork, and unglazed tiles
- Furniture painted with Earthborn Eco Chic

Not recommended for floors or other heavy duty surfaces.

Furniture Wax

Storage and disposal

- Store Furniture Wax in a cool, dry, frost free place with the lid tightly closed
- Shelf life for unopened containers is up to two years
- Dispose of any surplus product safely, following local disposal guidelines
- Recycle empty tins where possible

Safety first

Although the wax itself isn't classified as hazardous, it is flammable, so keep the container sealed and stored safely out of the reach of children. Please refer to the Material Safety Data Sheet for full safety details.

Vegan Declaration

At Earthborn we are committed to providing products that are better for our homes, our health and our planet.

To that end, we always try to be as open and honest as possible to our customers. Furniture Wax and the raw materials are not tested on animals, but the product does contain beeswax.

A few important notes:

- Wax may slightly deepen the colour of painted surfaces, so it's a good idea to keep this in mind before application
- On highly absorbent surfaces, two coats may be needed to achieve the desired finish
- It's wise to test the wax on the intended surface to make sure it's suitable
- To maintain protection and sheen over time, simply re-apply the Furniture Wax as needed

What's inside?
