# earthborn®

# Safety Data Sheet according to Regulation (EC) No. 1907/2006 (REACH)

# SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### **1.1. Product identifier**

#### Trade name/designation:

Ecopro Silicate Masonry Paint

**Article No.:** 1-170

**1.2.** Relevant identified uses of the substance or mixture and uses advised against Use of the substance/mixture:

Exterior Paint

#### 1.3. Details of the supplier of the safety data sheet

Supplier (manufacturer/importer/only representative/downstream user/distributor): Earthborn

Frodsham Business Centre, Bridge Lane Frodsham, Cheshire WA6 7FZ **Telephone:** 01928 734 171 **Telefax:** 01928 731 732 **E-mail:** info@earthbornpaints.co.uk **Website:** www.earthbornpaints.co.uk

# **1.4. Emergency telephone number**

01928 734 171

# **SECTION 2: Hazards identification**

#### 2.1. Classification of the substance or mixture

#### Classification according to Regulation (EC) No 1272/2008 [CLP]:

The mixture is classified as not hazardous according to regulation (EC) No 1272/2008 [CLP].

#### 2.2. Label elements

#### Labelling according to Regulation (EC) No. 1272/2008 [CLP]

According to EC directives or the corresponding national regulations the product does not have to be labelled.

#### Hazard statements: -

Supplemental Hazard information (EU): -

**Precautionary statements: -**

# 2.3. Other hazards

#### Adverse human health effects and symptoms:

The substances in the mixture do not meet the PBT/vPvB criteria according to REACH, annex XIII.

Revision date: 19-Jul-2016 Version: 1.0.0.0 Print date: 02-May-2017

Full text of H- and EUH-phrases: see section 16.

#### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

#### General information:

In case of accident or unwellness, seek medical advice immediately (show directions for use or safety data sheet if possible). Remove contaminated, saturated clothing.

#### Following inhalation:

In case of respiratory tract irritation, consult a physician. Provide fresh air.

#### In case of skin contact:

After contact with skin, wash immediately with plenty of water and soap.

#### After eye contact:

In case of contact with eyes flush immediately with plenty of flowing water for 10 to 15 minutes holding eyelids apart and consult an ophthalmologist.

#### After ingestion:

Rinse mouth. Let water be drunken in little sips (dilution effect). Get medical advice/attention if you feel unwell. Do NOT induce vomiting.

# **4.2. Most important symptoms and effects, both acute and delayed** No known symptoms to date.

#### **4.3. Indication of any immediate medical attention and special treatment needed** Treat symptomatically.

# **SECTION 5: Firefighting measures**

#### 5.1. Extinguishing media

#### Suitable extinguishing media:

The product itself does not burn. Co-ordinate fire-fighting measures to the fire surroundings.

#### Unsuitable extinguishing media:

High power water jet

#### **5.2. Special hazards arising from the substance or mixture** The product itself does not burn.

#### Hazardous combustion products: In case of fire: Do not breathe smoke.

#### In case of file. Do not bleatile sind

# 5.3. Advice for firefighters

Wear a self-contained breathing apparatus and chemical protective clothing.

#### 5.4. Additional information

Collect contaminated fire extinguishing water separately. Do not allow entering drains or surface water.

## **SECTION 6: Accidental release measures**

#### 6.1. Personal precautions, protective equipment and emergency procedures

#### 6.1.1. For non-emergency personnel

#### Personal precautions:

Avoid breathing dust/fume/gas/mist/vapours/spray. Special danger of slipping by leaking/spilling product.

#### **Protective equipment:**

Wear protective gloves/protective clothing/eye protection/face protection.

Revision date: 19-Jul-2016 Version: 1.0.0.0 Print date: 02-May-2017

#### 6.1.2. For emergency responders

#### **Personal protection equipment:**

Personal protection equipment: see section 8

#### 6.2. Environmental precautions

Do not allow to enter into surface water or drains. In case of gas escape or of entry into waterways, soil or drains, inform the responsible authorities.

#### 6.3. Methods and material for containment and cleaning up

#### For containment:

Absorb with liquid-binding material (e.g. sand, diatomaceous earth, acid- or universal binding agents).

#### For cleaning up:

Take up mechanically, placing in appropriate containers for disposal. To clean the floor and all objects contaminated by this material, use plenty of water.

#### 6.4. Reference to other sections

Safe handling: see section 7 Personal protection equipment: see section 8 Disposal: see section 13

#### 6.5. Additional information

Use appropriate container to avoid environmental contamination.

# **SECTION 7: Handling and storage**

#### 7.1. Precautions for safe handling

#### Protective measures

#### Advices on safe handling:

Do not get in eyes, on skin, or on clothing. Keep out of reach of children. Read label before use.

Fire prevent measures:

The product itself does not burn.

#### Measures to prevent aerosol and dust generation:

# Handle and open container with care.

# **Environmental precautions:**

Do not empty into drains.

#### Advices on general occupational hygiene

When using do not eat, drink or smoke. Avoid contact with eyes and skin.

#### 7.2. Conditions for safe storage, including any incompatibilities

#### Technical measures and storage conditions:

Keep container tightly closed in a cool, well-ventilated place.

#### Packaging materials:

Keep/Store only in original container.

#### Requirements for storage rooms and vessels:

Store in a cool dry place. Protect against: Frost

#### Hints on storage assembly:

Do not store together with: Food and feedingstuffs

Storage class: 12 - non-combustible liquids that cannot be assigned to any of the above storage classes

#### 7.3. Specific end use(s)

#### **Recommendation:**

Observe technical data sheet.

| SECTION 10: Stability and  | reactivitv                        |             |                     |                          |

#### 10.1. Reactivity

not relevant The product itself does not burn.

## 10.2. Chemical stability

The product is chemically stable under recommended conditions of storage, use and temperature.

Revision date: 19-Jul-2016 Version: 1.0.0.0 Print date: 02-May-2017

#### 10.3. Possibility of hazardous reactions

No known hazardous reactions.

# 10.4. Conditions to avoid

Heat. Frost. Protect against direct sunlight.

## 10.5. Incompatible materials

The product is chemically stable under recommended conditions of storage, use and temperature.

#### 10.6. Hazardous decomposition products

In case of fire: Gases/vapours, toxic

#### **SECTION 11: Toxicological information**

#### 12.5. Results of PBT and vPvB assessment

| CAS No.   | Substance name                                 | Results of PBT and vPvB assessment   |
|-----------|--|--|
| 1312-76-1 |  | The substance in the mixture does not meet the PBT/vPvB criteria according to REACH, annex XIII. |
| 1310-58-3 | <b>1</b> • • • • • • • • • • • • • • • • • • • | The substance in the mixture does not meet the PBT/vPvB criteria according to REACH, annex XIII. |

The substances in the mixture do not meet the PBT/vPvB criteria according to REACH, annex XIII.

#### **12.6. Other adverse effects**

No data available

#### **SECTION 13: Disposal considerations**

#### 13.1. Waste treatment methods

Dispose of waste according to applicable legislation.

#### Waste treatment options

#### Appropriate disposal / Product:

Consult the appropriate local waste disposal expert about waste disposal.

#### Appropriate disposal / Package:

Dispose of waste according to applicable legislation. Non-contaminated packages may be recycled. Handle contaminated packages in the same way as the substance itself.

# 13.2. Additional information

No data available

#### **SECTION 14: Transport information**

No dangerous good in sense of these transport regulations.

#### 14.1. UN-No.

not relevant

#### 14.2. UN proper shipping name

not relevant

14.3. Transport hazard class(es)

not relevant

#### 14.4. Packing group

not relevant

#### 14.5. Environmental hazards

not relevant

# 14.6. Special precautions for user

not relevant

14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code not relevant

#### **SECTION 15: Regulatory information**

# 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

## 15.1.1. EU legislation

#### Authorisations:

Observe employment restrictions under the Maternity Protection Directive (92/85/EEC) for expectant or nursing mothers. Observe restrictions to employment for juvenils according to the 'juvenile work protection guideline' (94/33/EC).

#### Other regulations (EU):

This product meets the requirements of Regulation (EC) No. 1935/2004 on the limitation of VOC content. VOC limit value step II (g/L), ready-to-use condition: 30g/l

Maximum VOC content (g/L) of the product in a ready to use condition: 1g/l

# 15.1.2. National regulations

No data available

#### 15.2. Chemical Safety Assessment

No data available

#### 15.3. Additional information

No data available

#### **SECTION 16: Other information**

#### 16.1. Indication of changes

\* Data changed compared with the previous version

# 16.2. Abbreviations and acronyms

See table overview at www.euphrac.eu

# 16.3. Key literature references and sources for data

No data available

#### 16.4. Classification for mixtures and used evaluation method according to regulation (EC) No 1272/2008 [CLP]

## Classification according to Regulation (EC) No 1272/2008 [CLP]:

The mixture is classified as not hazardous according to regulation (EC) No 1272/2008 [CLP].

#### 16.5. Relevant R-, H- and EUH-phrases (Number and full text)

| Hazard statements |  |  |
|-------------------|--|--|
| H302              | Harmful if swallowed.                    |  |
| H314              | Causes severe skin burns and eye damage. |  |
| H315              | Causes skin irritation.                  |  |
| H319              | Causes serious eye irritation.           |  |
| H335              | May cause respiratory irritation.        |  |
