#### **INDEX No.** classification:

141000

1.3

n.a.

#### Additional information

Full text of H-phrases: see section 16.

## **SECTION 4: First aid measures**

#### Description of first aid measures 4.1.

#### **General information**

In all cases of doubt, or when symptoms persist, seek medical advice. In case of unconsciousness give nothing by mouth, place in recovery position and seek medical advice.

#### In case of inhalation

Remove casualty to fresh air and keep warm and at rest. In case of irregular breathing or respiratory arrest provide artificial respiration. If unconscious place in recovery position and seek medical advice. Seek medical advice immediately.

#### Following skin contact

After contact with skin, wash immediately with plenty of water and soap. Remove contaminated, saturated clothing immediately. Do not use solvents or thinners.

#### After eye contact

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical advice immediately.

#### After ingestion

If swallowed, rinse mouth with water (only if the person is conscious). Seek medical advice immediately. Keep victim calm. Do NOT induce vomiting.

#### 4.2. Most important symptoms and effects, both acute and delayed

In all cases of doubt, or when symptoms persist, seek medical advice.

#### 4.3. Indication of any immediate medical attention and special treatment needed

## **SECTION 5: Firefighting measures**

#### Extinguishing media 5.1.

#### Suitable extinguishing media

alcohol resistant foam, carbon dioxide, Powder, spray mist, (water).

#### Extinguishing media which must not be used for safety reasons:

Full water iet

5.2. Special exposure hazards arising from the substance or preparation itself, its combustion products or from resulting qases:

Dense black smoke occurs during fire. Inhaling hazardous decomposing products can cause serious health damage.

#### 5.3. Special protective equipment for firefighters:

Provide a conveniently located respiratory protective device.

#### Additional information

Cool closed containers that are near the source of the fire. Do not allow water used to extinguish fire to enter drains, ground or waterways. Treat runoff as hazardous.

#### **SECTION 6: Accidental release measures**

- 6.1. Personal precautions, protective equipment and emergency procedures
- Remove all sources of ignition. Ventilate affected area. Do not breathe vapours. See protective measures under point 7 and 8.

#### 6.2. **Environmental precautions**

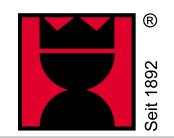

No special environmental measures are necessary.

#### 6.3. Methods and material for containment and cleaning up

Allow stiffening. Take up mechanically. Clean using cleansing agents. Do not use solvents.

#### 6.4. Reference to other sections

Observe protective provisions (see chapter 7 and 8).

# SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

#### Advices on safe handling

Avoid contact with skin, eyes and clothes. Do not breathe vapours. When using do not eat, drink or smoke. Personal protection equipment: refer to chapter 8. Follow the legal protection and safety regulations.

## 7.2. Conditions for safe storage, including any incompatibilities

#### Hints on joint storage

Keep away from strongly acidic and alkaline materials as well as oxidizers.

#### 7.3. Specific end use(s)

Observe technical data sheet. Observe instructions for use.

## **SECTION 8: Exposure controls/personal protection**

#### 8.1. Control parameters

EC No. Description type CAS No.

## 8.2. Exposure controls

Provide good ventilation.

#### Personal protection equipment

# Respiratory protection

Not applicable

#### Hand protection

Wear suitable gloves.NBR (Nitrile rubber) / NBR (Nitrile rubber)

Observe the instructions and details for use, storage, maintenance and replacement provided by the protective glove manufacturer.

#### Eye protection

Wear eye/face protection.

#### **Protective clothing**

Wear suitable protective clothing and gloves.

#### **Protective measures**

After contact with molten product, cool skin area rapidly with cold water.

#### Environmental exposure controls

Do not allow to enter into surface water or drains. See chapter 7. No additional measures necessary.

## **SECTION 9: Physical and chemical properties**

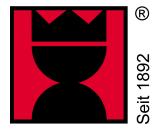

# 9.1. Information on basic physical and chemical properties

Physical state	solid			
Colour	characteristic			
Odour	odourless			
Safety relevant basis data		Unit	Method	Remark
Flash point (°C)	600	°C	C.C.	
Ignition temperature in °C	n.a.			
Water solubility (g/L)	insoluble			
Solid content (%)	100,00	Wt %		
solvent content				
Organic solvents:	0	Wt %		
Water:	0	Wt %		
Melting point/freezing point				
Other information:				

## SECTION 10: Stability and reactivity

10.1. Reactivity

10.2. Chemical stability

|--|

Stable when applying the recommended regulations for storage and handling. Further information on correct storage: refer to chapter 7.

## 10.3. Possibility of hazardous reactions

Keep away from strong acids, strong bases and strong oxidizing agents to avoid exothermic reactions.

#### 10.4. Conditions to avoid

Stable when applying the recommended regulations for storage and handling. Further information on correct storage: refer to chapter 7.

#### 10.5. Incompatible materials

#### 10.6. Hazardous decomposition products

Hazardous decomposition byproducts may form with exposure to high temperatures, e.g.: carbon dioxide, carbon monoxide, smoke, nitrogen oxides.

#### **SECTION 11: Toxicological information**

No data on preparation itself available.

#### 11.1. Information on toxicological effects

#### Acute toxicity

Toxicological data are not available.

## Irritant and corrosive effects

Toxicological data are not available.

#### Sensitisation

Toxicological data are not available.

#### Specific target organ toxicity

Toxicological data are not available.

#### Aspiration hazard

Toxicological data are not available.

## **Overall Assessment on CMR properties**

The ingredients in this preparation do not meet the criteria for classification as CMR category 1 or 2 according to 67/548/EEC.

There is no information available on the preparation itself. The preparation has been assessed following the conventional method of the Dangerous Preparations Directive 1999/45/EC and classified according to the toxicological dangers. See chapters 2 and 15 for details.

## **SECTION 12: Ecological information**

#### overall evaluation

There is no information available on the preparation itself.

## 12.1. Toxicity

No information available.

## Long-term Ecotoxicity

Toxicological data are not available.

12.2. Persistence and degradability

Toxicological data are not available.

12.3. Bioaccumulative potential Toxicological data are not available. Bioconcentration factor (BCF)

Toxicological data are not available.

## 12.4. Mobility in soil

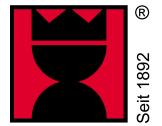

Toxicological data are not available.

## 12.5. Results of PBT assessment

The substances in the mixture do not meet the PBT/vPvB criteria according to REACH, annex XIII.

#### 12.6. Other adverse effects

## **SECTION 13: Disposal considerations**

# Appropriate disposal / Product

## Recommendation

Can be incinerated together with household waste in compliance with applicable technical regulations following consultation with approved waste disposal management companies and authorities in charge.

#### List of proposed waste codes/waste designations in accordance with EWC

080112 waste paint and varnish other than those mentioned in 080111

#### packaging

Recommendation

Non-contaminated packages may be recycled.

# **SECTION 14: Transport information**

	SECTION 14: Transport information				
	No dangerous good in sense of this tran	sport regulation.			
14.1.	UN number				
		n.a.			
14.2.	UN proper shipping name				
1/1 3	Transport hazard class(es)				
14.0.		n.a.			
14.4.	Packing group				
		n.a.			
14.5.	Environmental hazards				
	Land transport (ADR/RID)	n.a.			
	Marinepollutant	n.a.			
14.6.	Special precautions for user				
	Transport always in closed, upright and safe containers. Make sure that persons transporting the product know what to do in case of an accident or leakage. Advices on safe handling: see parts 6 - 8				
	Additional information				
	Land transport (ADR/RID)				
	tunnel restriction code	-			
	Sea transport (IMDG)				
	EmS-No.	n.a.			
14.7.	Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code				
	notapplicable				
	<b>SECTION 15: Regulatory information</b>	n			
15.1.	Safety, health and environmental regulations/legislation specific for the substance or mixture				
	EU legislation				
		out limitation of emissions of volatile organic compounds (VOC-guideline).			
	VOC-value (in g/L):	0,000			
	VOC-value (in g/L):	0,000			
	National regulations				
	<b>Restrictions of occupation</b> Observe employment restrictions under the Maternity Protection Directive (92/85/EEC) for expectant or nursing mothers. Observe restrictions to employment for juvenils according to the 'juvenile work protection guideline' (94/33/EC).				
	Other regulations, restrictions and prohi	ibition regulations			
15.2.	Chemical Safety Assessment Chemical safety assessments for substance	es in this preparation were not carried out.

#### **Additional information**

The information supplied on this safety data sheet complies with our current level of knowledge as well as with national and EU regulations. Without written approval, the product must not be used for purposes different from those mentioned in chapter 1. It is always the user's duty to take any necessary measures for meeting the requirements laid down by local rules and regulations. The details in this safety data sheet describe the safety requirements of our product and are not to be regarded as guaranteed attributes of the product.
